Inovative Journey of CXS

We are headed on an exciting mission of advancement, boldly expanding into diverse business sectors and redefining digital excellence. From crafting intuitive dashboards that turn data into actionable insights to deploying Business Intelligence solutions that drive smarter decisions, we're pushing boundaries. Our customized AI Chatbots offer solutions that revolutionize customer interactions. As we step up our game, we are keeping pace with industry demands to meet the unique needs of our clients, supporting them to achieve their targets.

About General Manager

Meet Maaz Bin Junaid, our General Manager who brings a background of diverse experiences to CyberX Studio. His journey across various industries has given him a unique perspective, and he's now channeling that expertise into digital marketing. Eager to grow alongside CyberX Studio, he's dedicated to leading our team with passion and insight. With his guidance, we look forward to taking on new challenges together.

Apart from professional work, he is fond of swimming, cricket, table tennis, traveling, listening, and playing music. He also has a keen interest in animals.

> Don't Stop When You Are Tired, Stop When You Are Done.

Celebrations

At CyberX Studio, we believe in celebrating the "Moments that Matter".

Adding a touch of fun and joy to our work environment, we organized lively cake-cutting ceremonies to celebrate the birthdays of our valued employees.

Recently, we took a well-deserved break from our busy schedules. Our team enjoyed a fantastic getaway to Orange Lake Resort, where we relaxed, recharged, and strengthened our bonds.

We also took the time to celebrate Pakistan's 14th August with great enthusiasm, embracing the spirit of unity and pride. These celebrations are a reminder of how much we value our team and the vibrant culture we're building together.

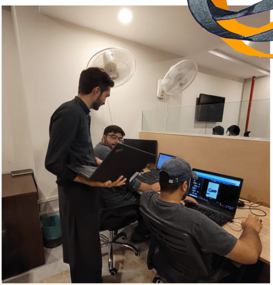
Summer Internship Initiative

At CyberX Studio, our commitment goes beyond our projects; we are deeply invested in nurturing emerging talent. Since launching our internship program in 2022, we have welcomed interns from various educational fields, providing them with the skills and opportunities to excel in the IT sector. This initiative not only brings fresh perspectives to our team but also strengthens the broader tech community by empowering the next generation of innovators.

Training
Think Tank Sessions

We have had the privilege of mentoring interns with backgrounds in data science and cybersecurity. We held one-on-one sessions to engage and brainstorm with them. Our hands-on experience allowed us to nurture emerging talent and deepen their expertise so they can exercise their advanced learning in the future and make Pakistan proud.

Team
Bonding



Clients
Partners in Success

Our credibility and reliability shine through in the variety of clients we serve, from dynamic startups to established international companies. We are honored by the trust and loyalty of such a diverse clientele. Their ongoing confidence in us drives us to sustainably render outstanding solutions and uphold our promise of authentic and excellent services.
